The purpose of this one-day course is to improve shooting performance through minimal classroom and maximum range time. At the end of this class, the pistol operator will have a much higher level of understanding of the weapon system and an increased ability to deliver it efficiently and effectively. Partner skill-building drills, in addition to intensive individually focused range drills including shooting specific-strength exercises, equipment review, ergonomic aides, trigger management focus sessions, individual shooting assessments, dynamic movement drills, performance tracking, as well as a fun team competition are just some of the tools we utilize.

About LouKa Tactical: *The training company that specializes in Building Warrior Women!* We have proudly served the public safety profession since 1999 and have access to some of the finest instructors and resources in the United States. Each instructor brings diversity and a high level of professionalism. Together our depth and synergy are unmatched. Not only are we the largest company of its kind in the Nation, we are considered to be the best by the industry in which we serve. **About Lou Ann:** Retired after 22 years of police service Lou Ann Hamblin specializes in training female officers having trained over 4100 women in law enforcement in pistol alone and is a certified firearms and defensive tactics instructor in a variety of disciplines. She is a Team One Network adjunct instructor and Master Pistol Instructor through H & K. Over the last 25 years Lou Ann has instructed internationally in the areas of instructor development, training for specialty units and female police officer's performance improvement and professional development including the Kuwaiti Female Special Forces.

"I have had the privilege of attending many of LouKa's class offerings and can't recommend them highly enough. I've left each course a much better shooter with a greatly enhanced depth of knowledge on the subject matter presented. All the LouKa cadre I've met and learned from are hard-working, creative, and motivating and take a vested interest in each student's experience and performance. I've been impressed with their attention to detail, it's inclusion of the most current information/technical knowledge as well as the phenomenal learning environment. Lou Ann is the consummate professional instructor and her courses are engaging, challenging, and most importantly, effective. I am definitely looking forward to the next LouKa experience!"
